LIFE PREP ACADEMY

Welcome!

LIFE PREP ACADEMY

K-12 • State Accredited • Local and International College Preparatory Education • Preparing Students for Life!

Thank you for your interest in our school. Our mission statement sums up our only goal: *Giving families an affordable college prep education that inspires students to reach their full potential in spirit, mind, and body.*

Life Preparatory Academy is located in Wichita, Kansas, conveniently off both the 96 highway and the 235 bypass at the North Meridian/Valley Center exit. Founded in 1999, Life Prep is a wonderful school with a rich tradition of excellence and genuine love and concern for the students that God entrusts to us.

We believe that we have some unique opportunities for families looking for a Christian alternative for their children's education . As a Christian Kindergarten-through-12th grade school that is fully accredited by the state of Kansas Board of Education, there are no limitations placed on our graduates in regard to admission into a state regents college or university, or transferring credits to/from another school.

Our small class sizes provide a more interconnected setting and a better student-to-teacher ratio, both of which foster an exceptional learning environment.

Additionally, we use an intensive academic lab program designed to provide very thorough individualized instruction for those students who may need assistance meeting grade-level standards in any given subject.

Train up a child in they way they should go, when they are old they will not depart from it. **PROVERBS 22:6**

Life Prep Academy seeks to work together with parents to "train up a child in the way he should go..." keeping with each child's individual gifts and talents. We focus on each student's relationship with God and with others while maintaining rigorous academic standards. Students are placed at their ability level--not grade level--giving them the opportunity to move ahead in subjects where they excel and providing additional instruction in areas where they need.

History

K-12 • State Accredited • Local and International College Preparatory Education • Preparing Students for Life!

Life Preparatory Academy was built in 1999 on the property of Word of Life Church North campus. The facility is kept in beautiful condition and current decor, and our informations systems and security are a priority. The central hall is spacious and inviting, the classrooms are large and well appointed.

We focus on your student's spiritual health and relationship with God. Life Prep maintains rigorous academic standards while keeping a Biblical world-view. Life Prep Academy has consulted many sources of college prep curriculum, state and internationally recognized standards, to implement extremely detailed developmental goals which prepare a student for college and for life. By using a variety of published sources, we can customize curriculum to meet different educational needs.

As a fully-accredited Kansas State school we are able to provide free breakfast and lunch programs for those who qualify. Tuition scholarships are available for high GPA students and families with multiple students enrolled. Our diploma is accepted at any higher learning institution in the world.

The only thing missing at Life Prep is You!

Diversity

K-12 • State Accredited • Local and International College Preparatory Education • Preparing Students for Life!

Life Prep is known as the "Most Diverse School in Kansas." With more than 25 different nationalities represented, your student will experience cultures from around the world each day!

Our hand-selected international students bring with them a fresh sense of excellence, work ethic, honor, and eagerness to learn.

Our international students get one-on-one attention and tutoring is available if needed. They thrive in a culture of acceptance.

Wichita's most diverse school makes for a unique, culturally rich learning experience.

Elementary

K-12 • State Accredited • Local and International College Preparatory Education • Preparing Students for Life!

Your child is a unique creation of God! At Life Prep Academy we do not leave God out of your child's education.

Children are free to sing about the Lord, pray, read from the Bible and learn absolute right and wrong like our heritage was founded on.

Parents of Life Prep students know that at the end of the day, the school they send their children to is assisting them--not fighting against them--in the training of the most precious commodity of all, our children and our future!

For the Lord gives wisdom, from His mouth comes knowledge and understanding. **PROVERBS 2:6**

Four Day School Week

K-12 • State Accredited • Local and International College Preparatory Education • Preparing Students for Life!

Why four? Parents and students love our four-day school week! Monday through Thursday is reserved for normal class operation, including lectures, tests, and class participation. Each week is the same with our four-day week, therefore, students get into a routine knowing when work is due and when to expect quizzes and tests.

Fridays are reserved as a teacher in-service day where students can come in for one-on-one tutoring with their teachers, catch up on assignments, or excel with extra-credit work.

Honor and respect are key elements to success!

It is also an opportunity to schedule doctor or dentist appointments, or take advantage of the time to take mini-vacations.

Honor and respect are taught at Life Prep Academy. Students are expected to demonstrate gratitude, attentiveness, and obedience to their teachers. In return they will be treated in like manner. This culture of honor and respect makes bullying by students virtually non-existent.

A full list of our Honor Code requirements and expectations is in the school office and on our website, www.lifeprep.us.

Classes

Sports

LIFE PREP ACADEMY

K-12 • State Accredited • Local and International College Preparatory Education • Preparing Students for Life!

Life Prep Sports program is first class.

We strive for excellence and compete with some of the top teams in our region. Life Prep has seen many of our athletes receive scholarships to D1, D2, NAIA and CC. If your student is looking for a school to assist them in their athletic future, Life Prep is for you!

Shadowing

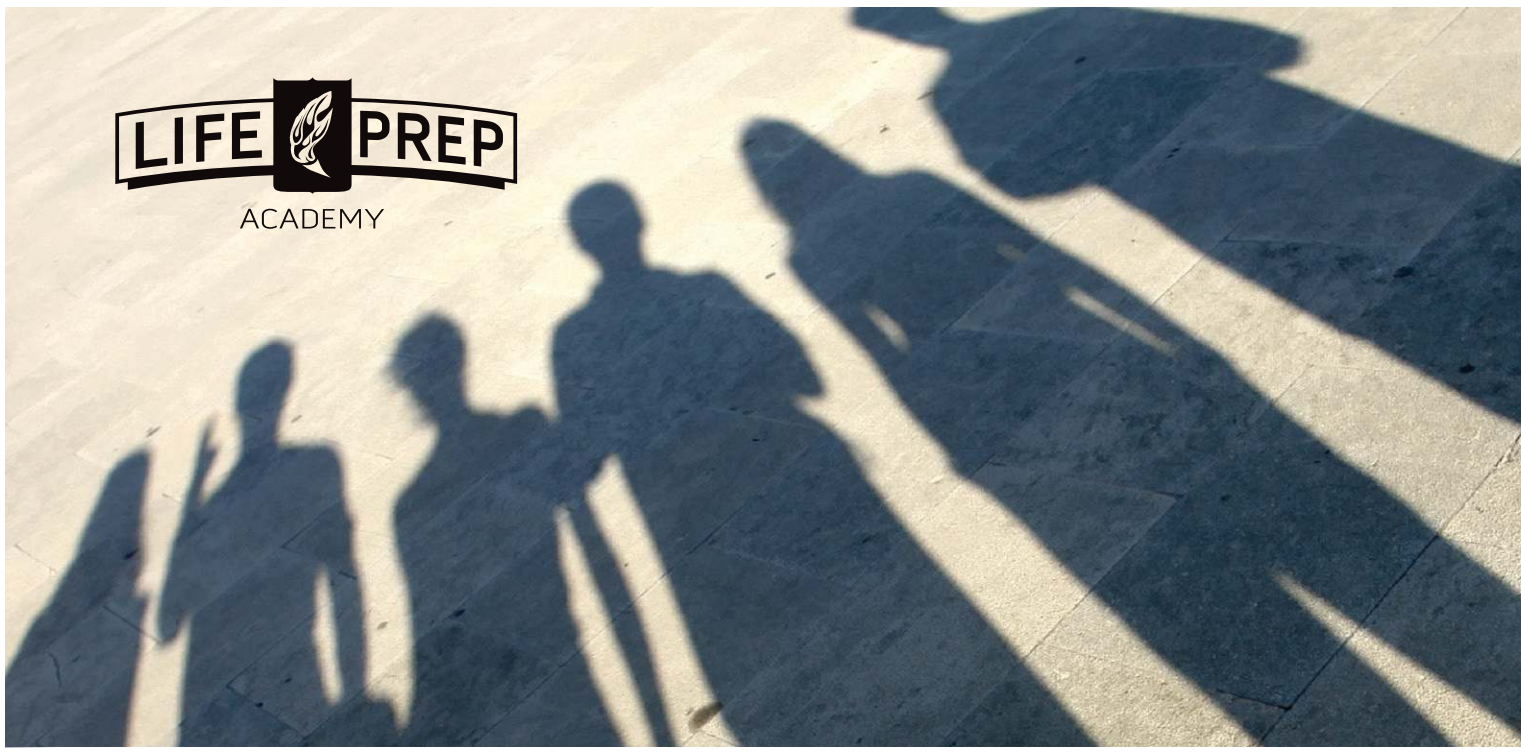
K-12 • State Accredited • Local and International College Preparatory Education • Preparing Students for Life!

A typical day at Life Prep Academy consists of core classes, specialty clubs, spiritual encouragement, and a whole lot of fun!

Elementary students daily recite the Pledge of Allegiance to the American flag, the Christian flag, and God's Holy Word. Physical education is part of their school day as well as many educational field trips.

Secondary students take part in events where students play the music, run the sound and lighting tech, create beauty in art and music and on computer. They also support our sports teams; we offer football, volleyball, soccer, basketball, track, esports, cheer, softball and baseball. A weekly chapel service brings spiritual guidance, encouragement and purpose.

Prospective students are encouraged to "shadow" a fellow student in their grade to see what can be expected for them during a regular day at Life Prep Academy!



See first-hand what a typical day is like!

Why should my student attend Life Prep?

LIFE PREP ACADEMY

K-12 • State Accredited • Local and International College Preparatory Education • Preparing Students for Life!

Diagnosing Academic Issues. When a student is behind, or struggling in a subject, we work with the student and the parents to diagnose the cause of that problem. We have found that breathing confidence into the student with encouragement, love, and prayer often corrects the situation without the need for a "special needs" classroom. However, if a learning disability is discovered, an individual education plan can be designed for the student, on a case-by-case basis.

A Private School Education. At Life Prep, your student is treated as an individual, not a number. Our goal is to train students for life, not just for state assessment tests. We are careful to bring out the best in each student with our small class sizes, variety of sports and extra-curricular activities, and teachers who consider themselves not just employed, but "called" to mentor students. At Life Prep, your student will feel special, safe, and loved.

What is Life Prep like? A typical day at Life Prep Academy consists of core classes, specialty clubs, spiritual encouragement and a whole lot of fun! Our students lead worship bands, create beauty through art and music, play and support their favorite sports teams. In a broad spectrum of areas, your student will learn valuable life skills from various successful leaders from our city and beyond.

No Need to Switch Schools. Life Prep offers classes from Kindergarten through the 12th grade, as well as excellent age-appropriate preschool education programs available on-site. Your student can have friendships from before elementary age all the way through high school graduation!

An Investment in Our Future. Parents are becoming impatient with failing public schools and the unsafe environments that accompany them. There is no greater investment than to give your child a safe, Christian, private-school education. Our students learn that they matter and can make a difference in the future for all of us. At Life Prep Academy, we major on the important things such as academics, individual gifting, and mutual respect. Because of this emphasis, our students and athletes are successful high school graduates, prepared for life, and sought after by prestigious universities.

Standards for Security and Technology. Because the safety of your student is a top priority, we have security cameras throughout our facility. We strive to keep up with the most current technology in our classrooms and computer lab so your student is prepared to succeed!
